TIPS AND TRICKS:

- We recommend that you arrive at the bike rental points the day before your tour, to have the chance to taste wines and dishes specific to the region, but also to rest before a day on the bike.
- The starting and ending points of the routes can be reached either by car or by public transport. Because the routes are marked in both directions, you can choose to go in any direction.
- Do not take heavy luggage with you on the route. Just take the most necessary things in a small day pack that is easy and light to carry.
- Find out what are the main attractions on the route, before starting your ride or you can download it to your phone by scanning the QR code attached to the route.
- On the way you will find poles that will confirm that you are on the right path, but also signs marked on trees and electricity poles every 350-400 m, as in the legend of the routes.
- Respect the privacy and property of the locals. Take the garbage with you to the nearest bin to preserve the beauty of the place.

These are just some of the tips that are worth following. We guarantee that respecting them will make your experience even more beautiful.

DISCOVER THE WARMTH OF SOUTH MOLDOVA: PLOPI - PAȘCANI

About this Cycling Route:

This cycling route is designed in such a way that you can experience the history of the region (Cahul Museum), taste local southern Moldovan cuisine and wine (Gitana, Green Village, Casa Bunicului) and enjoy the adventure of cycling on country roads and hills. Along this bike route you will truly meet the southern region of Moldova. And believe us, it is very different from other regions. Even the wine here is different - so, don't miss the opportunity to taste and discover it.

„Gitana” Winery, Plopi

Gitana wine is the result of a harmonious combination of the generosity of nature and human labor.

At the winery complex you can do a wine tour and tasting, spend the night or have breakfast before starting the cycling route. It is also where you can pick up a bicycle to rent if you need it.

Address: Plopi village

Phone: +373 22 243 642

Sulfur spring from Gotesti village

The Gotesti spring was discovered in the 1980's, its water has exceptional healing properties. The amount of gas and sulfur there is so great that the water is literally burning.

It is not recommended to drink the water or get in it, but you can try to set it on fire...carefully. The sulfur will burn with a blue flame.

Green Village, Rosu

Green Village is a resort where you can make a stop for a late lunch or if you are tired already by this point you can spend the night here. There are six perfect gazebos available for a barbeque and a big swimming pool. For hot summer days if you want to cool off.

Address: Rosu village

Phone: +373 78 501 000

Museum of the History of Cahul

This is the largest and most important museum in the south of Moldova. In the museum's holdings are about 40,000 objects on the history of the land, which are divided into three compartments - history, natural sciences, ethnography. We highly recommend stopping by the Ethnographic Complex which consists of a peasant house, a barn and a blacksmith's shop from the late 19th century.

Address: Cahul, L. Tolstoi str, 4

Phone: +373 29 922 269

Mon - Fri: 8:00 - 17:00

Sun: 8:00 - 16:00

„Casa bunicului” guest house, Pascani

Casa Bunicului is an ideal place to spend the night and enjoy a home-cooked hearty meal after a day of cycling and exploring the region. The proximity of the Prut River and the natural lake Manta offers a special beauty to the place, and the hospitality of the hosts and the flavor of Moldovan dishes will make you want to stay longer, or perhaps come back here again and again.

Address: Pascani village
